

Certified HEPA filter. A basic, well-built, thoroughly reliable unit

The Nilfisk VP300 series is a basic, well-built and durable machine that can be relied upon to do the job day in and day out. It is ideal for cleaning offices, hotel rooms, retail outlets and similar light to medium duty applications.

The Nilfisk VP300 series has a top rated filtration level with a H13 HEPA exhaust filter as standard on all variants. This helps maintain a high quality of air within the cleaning environment.

Now joining our range is the Nilfisk VP300 R made from 30% post-consumer material, PCR, a more sustainable type of recycled plastic. To ensure the machine will fit your exact cleaning application, the VP300 is available in different variants and configurations. For energy efficient cleaning our VP300 eco variant provides a great cleaning performance and a very low sound level appropriate for daytime cleaning.

Best-in-class filling capacity which means less time spent changing dust bags

Weighs from just 5.2 kg making it easy to move from place to place

Low sound pressure level from 62 dB(A) makes the machine suitable for daytime cleaning

High filtration level with HEPA exhaust filter

Secure and easy to reach accessory and power cord storage

Dual speed on selected variants for tailored use in a wider variety of applications

Detachable orange cord on selected variants

VP300 can be carried safely and comfortably in one hand
